APPENDIX G-3

III. Reasonable Distance, Very Low Income, Definition of Engaged In Work For Child Care In Lieu of Temporary Assistance, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities_ (Required Section)

Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **Child care is accessible when travel distance is no more than one (1) hour between the child care provider and the participant's employment/work activity. The one (1) hour of travel is defined as any means of transportation including, but not limited to, walking, public transportation, or use of a public vehicle.**

Describe any steps/consultations made to arrive at your definition: **Discussed with other counties and within our agency.**

Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **200%** of the State Income Standard.

Definition of Engaged In Work For Child Care In Lieu of Temporary Assistance

The minimum number of hours for Federal Fiscal Year 2006 are:

- 20 hours for a single parent with a child under the age of six years old
- 30 hours for a single parent whose children are six years of age and older
- in two parent families the parents must be working a combined total of 55 hours with at least one parent working 30 or more hours.

If a district proposes a higher minimum number of required hours of work describe the requirement below.

- hours for a single parent with a child under the age of six years old
- hours for a single parent whose children are six years of age and older
- in two parent families the parents must be working a combined total of 55hours with at least one parent working or more hours.

Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **25%**.

Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
 longest time receiving child care services (*)

Case Openings

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

In Herkimer County, day care applicants will be given the opportunity to apply, even if there are insufficient funds to open their case. The district will place these families on a waiting list according to the date their application is received in the Department (date stamp).

Cases that have been closed due to insufficient funds will be given information regarding reapplication. These families will be placed on our waiting list according to the date their application is received in the Department (date stamp).

If funds become available for case openings, the district will open cases on their waiting list according to the earliest date the application is received in the Department (date stamp).

(*) Families with children with *special needs* will be given priority and opened first. If here is a need to close cases due to insufficient funds, families with children with special needs will be closed last.

Fraud and Abuse Control Activities

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

Herkimer County will use the following indicators to refer applications which suggest a higher risk for fraudulent or erroneous child care payment:

- 1. Application is inconsistent with prior case info. (ex. Prior denial for over income – applying under income)**
- 2. Child care applicant is self-employed or working “off the books” but without adequate business records to support their financial assertions**

The Child Care Unit will complete a *Feds Investigation Request* form with the child care indicators noted. The request will be given to the Fraud Unit.

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

Herkimer County will use the following sampling methodology to determine which cases will need verification of participation in employment, education, or other required activities:

- 1. Herkimer County will use a 100% sampling methodology. Child care cases are recertified every six (6) months. Information is requested between the 5th and 6th months. The district receives and reviews the all eligibility information to include:**
 - a. financial information (pay stubs);**
 - b. child support status;**
 - c. change in family composition;**
 - d. updated work schedule.**
- 2. In addition to the 100% sampling the district will:**
 - a. monitor part-time employment when the hours and pay stubs don't match;**
 - b. monitor attendance for CNA training with guaranteed employment and teen parents attending school;**
 - c. require a monthly statement for “off the books” work (weekly work hours and pay rate).**

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Herkimer County and Mid-York Child Care Coordinating Council (MYCCCC) have agreed to the Child and Adult Care Food Program Inspection forms being given to the district on a quarterly basis.

Our district has identified (*) 8 providers who participate in the Food Program and have subsidized children in care. The district will select all 8 providers to review and match inspection forms and child care attendance forms.

(*) MYCC provided a list of providers who participate in the Child and Adult Care Food Program to the district. The DSS Accounting Dept. provided a listing of all child care providers (excluding day care centers) who received payments in the month of December 2006. The lists were compared, which resulted in the 8 providers with subsidized children who are enrolled in the Food Program.
