APPENDIX G-3

III. Reasonable Distance, Very Low Income, Definition of Engaged In Work For Child Care In Lieu of Temporary Assistance, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities (Required Section)

Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **Childcare will be considered accessible for the parent/caretaker if the day care site is located within a one mile radius of the family residence or work site, or if the residence is within a one mile radius of public/rural transportation.**

Describe any steps/consultations made to arrive at your definition: **Oneida County has discussed this definition with neighboring counties, the Mid-York Child Care Coordinating Council, and Divisions within Oneida County DSS.**

These definitions have not changed since the previous plan.

Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **100** % of the State Income Standard.

Definition of Engaged In Work For Child Care In Lieu of Temporary Assistance

The minimum number of hours for Federal Fiscal Year 2006 are:

- 20 hours for a single parent with a child under the age of six years old
- 30 hours for a single parent whose children are six years of age and older
- in two parent families the parents must be working a combined total of 55 hours with at least one parent working 30 or more hours.

If a district proposes a higher minimum number of required hours of work describe the requirement below.

- _____ hours for a single parent with a child under the age of six years old
- _____ hours for a single parent whose children are six years of age and older
- in two parent families the parents must be working a combined total of _____

55hours with at least one parent working or more hours.

Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **35%**.

Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

Cases with parents employed 30 hours or less per week at minimum wage will be closed, with the exception of teen parents enrolled in a High School or GED program.

Also, cases with 2 employed parents whose combined hours are 30 or less.

If additional closings are needed, cases employed 31 - 35 hours per week will be closed.

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

Case Openings

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

Cases covered under the child care guarantee will be opened.

If there are insufficient funds to open all cases, Oneida County will open, in order of priority:

- 1) Teen parents needing childcare to attend High School or GED, and eligible parents with income at or below 100%**

2) Parents working more than 30 hours per week will be opened.

Fraud and Abuse Control Activities

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

Applications with a wage earner reporting self-employment or working off the books without adequate business records will be tagged as indicative of a high risk of fraud or subsidy payment problems.

Examiners will send a copy of the application with supporting pertinent documents to the Investigations Unit. All referrals will be reviewed by a Childcare Supervisor before request is made.

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

In approximately 328 cases each month, the provider timesheet will be compared to the recipients' pay stubs and/or training timesheet to verify continued need for care. Daycare examiners collect pay stubs/timesheets each month in all Temporary Assistance and Transitional Childcare cases.

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Every 3 months a Childcare Supervisor will select 16 providers that are in receipt of subsidized daycare and the Child and Adult Food Program. The attendance forms submitted by the provider will be compared to the food program inspection form to verify that childcare was actually provided the days listed.

APPENDIX G-4

Transportation

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

Transportation is paid to day care centers when they transport children to/from the center from home and/or school. Transportation is paid in the amount of \$3.00 per round trip.

Differential Payment Rates

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to _____ % above market rate.

Care during non-traditional hours may be paid up to _____ % above market rate.

Limitations to the above differentials are as follows:

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

Sleep

The following describes the standards that will be used in evaluating whether or not to pay for child care services while a parent or caretaker that works a second or third shift sleeps and any limitations pertaining to payment:

Oneida County may pay day care in a situation where the parent works the second or third shift. Specifics are dependent on a case by case basis;

taking into account such things as the age of the children and availability of another parent in the household.

Indicate the number of hours allowed by your district (maximum number of hours allowed is eight). **Eight (8) hours.**

**APPENDIX G-12
CHILD CARE EXCEEDING 24 HOURS, CHILD CARE SERVICES UNIT,
WAIVERS, BREAKS IN ACTIVITIES**

Child Care Exceeding 24 Hours

Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other cases where the caretaker's approved activity necessitates care for 24 hours on a limited basis.

Describe any limitations for payment of child care services that exceed 24 consecutive hours.

Eligibility for 24-hour care will be determined on a case-by-case basis, depending on circumstances, only for a short-term emergency, or where the caretaker's approved activity necessitates care for 24 hours on a limited basis.

Child Care Services Unit

The Child Care Service Unit is the basis upon which a district will determine which household and/or family members should be counted in determining family size and countable family income.

Our district will include the following in the Child Care Services Unit (check which ones apply).

18 year old 19 year old 20 year old

-OR-

Our district will include only the following in the Child Care Services Unit when it will benefit the family (check which ones apply).

18 year old 19 year old 20 year old

Describe the criteria your district will use to determine whether or not an 18, 19 or 20 year old is included in the Child Care Services Unit. **Eighteen and Nineteen year olds will only be included if their presence in the CCSU results in the household being eligible for daycare.**

Waivers

Districts have the authority to request a waiver of any regulatory provision that is non-statutory. Describe and justify why your district is requesting a waiver.

Breaks in Activities

Districts may pay for child care services for low income families during breaks in activities for a period not to exceed two weeks or for a period not to exceed one month where child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period (check one).

- two weeks four weeks

Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low income families are eligible for child care services during a break in activities (check any that are eligible):
