## APPENDIX G-3

### III. Reasonable Distance, Very Low Income, Definition of Engaged In Work For Child Care In Lieu of Temporary Assistance, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities (Required Section)

#### Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": *For eligibility recipients using their own vehicle or public transportation, reasonable distance shall not exceed one hour (1) going one (1) way from home to the day care provider and then to the employer. Exceptions will be considered on a case by case basis by the Director of Services or the Commissioner.*

Describe any steps/consultations made to arrive at your definition: *Historical availability of daycare providers, employment opportunities and public transportation within the Capital District.*

#### Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **150%** of the State Income Standard.

#### Definition of Engaged In Work For Child Care In Lieu of Temporary Assistance

The minimum number of hours for Federal Fiscal Year 2006 are:

- 20 hours for a single parent with a child under the age of six years old
- 30 hours for a single parent whose children are six years of age and older
- in two parent families the parents must be working a combined total of 55 hours with at least one parent working 30 or more hours.

If a district proposes a higher minimum number of required hours of work describe the requirement below.

- \_\_\_\_\_ hours for a single parent with a child under the age of six years old
- \_\_\_\_\_ hours for a single parent whose children are six years of age and older
- in two parent families the parents must be working a combined total of \_\_\_\_\_ 55hours with at least one parent working \_\_\_\_\_ or more hours.

## Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **20%**.

## Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

- 1. The first families with to be closed will be those who fall under Appendix G-2 with the exception of those with open child protective cases.**
- 2. Those families with incomes between 175% - 200% of SIS.**
- 3. Those families with incomes between 150 – 175% SIS.**
- 4. Those families with open child protective cases;**
- 5. And those teenage parents without resources requiring child care to attend high school or an equivalency program.**
- 6. Those families with children with special needs;**
- 7. Those families at or below 150% of SIS.**

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

## Case Openings

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

**Case openings will be prioritized in the reverse of the above.**

**A waiting list may be established for those in the income ranges above 150% and without risk for health and safety concerns to be drawn from as funding becomes available.**

### **Fraud and Abuse Control Activities**

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

**#1. The following are indicators that will prompt a FEDS referral for daycare cases:**

- **Prior fraud**
- **Documents/information inconsistent with application**
- **Children with no birth certificates**
- **Post office box for mailing address without a reasonable explanation**
- **No information on absent parent**
- **Termination of employment**

**#2. Articles in the newspaper regarding arrests of daycare providers are referred to the Fraud Unit.**

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

**At the six month re-certification the eligibility worker matches the hours on the authorizations to the bills. Verifications are solicited from employers and programs; discrepancies are referred to the Fraud Unit.**

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

**Schenectady County has approximately 116 child care providers that participate in the child and adult care food program (CACFP). The district will randomly sample 80 participating child care providers per year. The district will determine when the last time a CACFP sponsor completed a home visit and the children that were seen at that visit by calling the Capital District Child care Coordinating Council. The district will compare the names of the subsidized children seen at that visit with the corresponding child care subsidy attendance forms. Any discrepancies found will be referred to the fraud unit.**

## APPENDIX G-4

**APPENDIX G-8**  
**ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS**

The district may propose local standards in addition to the State standards for providers who will receive child care subsidies.

1. Described below are the additional local standards that will be required of providers as well as which providers must comply with each additional standard.

**a. A Fraud Investigator will conduct a home visit on each legally exempt provider that is either temporarily or fully enrolled following the initial application. Each legally exempt provider will have a minimum of one annual home visit by a Fraud Investigator. More visits may be made as determined necessary. Local standards for visiting providers shall not delay enrollment. Visits will be made either concurrently to the enrollment process or immediately following the approval. Information that raises concerns during the Fraud Investigators visit will be communicated to the enrollment agency either by the Daycare Eligibility Unit or the Fraud Investigator directly.**

**b. Providers of legally exempt child care and all household members 18 years of age and older will be asked to sign a release which will allow the Schenectady County Department of Social Services to conduct a local welfare database check.**

**If a legally exempt provider or household member refuses to sign the release, which would allow Schenectady County Department of Social Services to conduct local database checks, the Department will inform the parent/caretaker of the refusal so that they can consider the refusal when they make a decision to select the provider. In this situation, parents will be reminded of their right to choose another provider and will be given information about how to locate other providers.**

**When a local database check reveals that a legally exempt provider and/or household member(s) age 18 years of age and older are an indicated subject of a child abuse or maltreatment report the proposed provider will be required to submit to Schenectady County Department of Social Services a written statement providing information concerning the indicated incident(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.**

If the information regarding the indicated child protective report does not correlate with the information obtained from the local database check our Department will notify the provider that they have five calendar days to clarify the discrepancies in the information submitted to the Department and parent/caretaker. Within that five calendar day period the provider must submit information to our Department and the parent/caretaker that either correlates with the information obtained by the Department's local database check or the provider submits information obtained by our Department which documents that the information obtained from the local database check is inaccurate. If the provider fails to clarify the discrepancies the district will notify the Enrollment agency that the additional standard has not been met.

If the information regarding the indicated child protective report correlates with the information obtained from the local database check and there are no other health or safety concerns and the parent/caretaker still chooses to use the provider, the Enrollment Agency will be notified that the additional standard has been met. In some cases, our district will need to inform the parent that the parent's decision to place their child in the care of this provider would place their child at risk. As mandated reporters, the district is obligated to make a report of suspected child abuse or maltreatment if placing the child in the care of a provider would place the child in imminent danger of impairment and the parent/caretaker nevertheless places the child in the provider's care, parents will be informed of their right to choose an alternative provider and be given information about how to locate other providers.

If the local database check reveals that the provider has an active or open preventive case the Department will not recommend enrollment unless the CPS or Preventive Supervisor approves. The Supervisor will review if the provision of child care by the provider/preventive service recipient would cause health and safety concern for the children. All assessments would need to be completed within a 10 day period of the provider's enrollment request.

2. Described below are the methods and resources that will be utilized to determine that these additional local standards are being met.

a) All legally exempt providers will be reviewed by the enrollment agency and the day care eligibility staff and be referred to the local Fraud Unit for the completion of one home visit. At the initial visit the parents working hours, the number of children receiving care, and the attendance will all be verified. Each legally exempt provider

**will be further visited one time each year in order that the above information can be verified on active cases.**

3. Described below are the procedures the district will use to notify the Legally Exempt Caregiver Enrollment Agency as to whether or not the legally exempt provider is in compliance with the additional local standards. (Districts only need to describe this procedure if the additional local standard is applied to legally exempt child care providers.)

**The Supervisor A of Central Intake Services in Schenectady County will review each new legally exempt provider referred by the enrollment agency in the child welfare database. This individual is responsible for responding to the enrollment agency in writing within the required time frames.**

4. Described below is the justification for each additional standard.
  - a) **The legally exempt providers are not subject to licensure or registration and therefore have more opportunities to engage in fraudulent practices. The increased oversight on the part of the local district is warranted.**
  - b) **Legally exempt providers are caring for young vulnerable children utilizing taxpayers dollars. Ensuring the safety of children in daycare settings is of paramount importance. Providers with extensive histories of child abuse, maltreatment in their families present a heightened risk to these children. It is the government's responsibility to ensure that all children in subsidized child care settings are provided a safe and healthy environment.**

Limitations to the above differentials are as follows:

Payments may not exceed 15% above market rate. *Provider must seek prior approval from the Services Director or the Commissioner prior to providing 24 hour care.
