APPENDIX G-3

III. Reasonable Distance, Very Low Income, Child Support, Family Share, Case Closings and Openings and Case Reviews (Required Section)

Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **A reasonable distance for Wyoming County residents to travel for the purpose of obtaining child care is 25 miles one way.**

Describe any steps/consultations made to arrive at your definition: **We reviewed the locations of available child care and job sites within the county in relationship to one another.**

Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **200%** of the State Income Standard.

Definition of Engaged in Work for Child Care in Lieu of Temporary Assistance

The minimum number of hours for Federal Fiscal Year 2006 are:

- 20 hours for a single parent with a child under the age of six years old.
- 30 hours for a single parent whose children are six years of age or older.
- In two parent families the parents must be working a combined total of 55 hours with at least one parent working 30 or more hours.

Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10 percent to 35 percent to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **35%**.

Case Closings

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities.

Cases will be closed in the following order:

1st – PA recipients and families with incomes up to 200% of the SIS who are satisfactorily participating in a four-year college or university program as long as the parent(s) or caretaker is also working at least 17 ½ hours per week.

2nd – Families with an open child protective services case when child care is needed to protect the child.

3rd - Families with income up to 200% of the SIS when child care services are needed for the child's caretaker to participate in approved educational or vocational activities as defined in 415.2.

4th – Families with income up to 200% of the SIS when child care services are needed for the child's caretaker to satisfactorily participate in an undergraduate or community college program with a vocational sequence leading to an associate degree or certificate of completion within a timeframe not to exceed 30 consecutive months.

5th – Families with income up to 200% of the SIS when child care services are needed for the child's caretaker to actively seek employment for a period of 6 months.

6th – Families with income up to 200% of the SIS when child care services are needed because the child's caretaker is physically or mentally incapacitated or has family duties away from home.

7th – PA families or families with income up to 200% of the SIS when the caretaker is participating in an approved substance abuse treatment program, homeless, a victim of domestic violence or in an emergency situation of short duration.

8th – PA families participating in an approved activity in addition to their required work activity.

9th – PA families where a sanctioned parent is participating in unsubsidized employment, earning wages at a level equal to or greater than the minimum amount under the law.

10th - Families whose income is 200-175% of the SIS.

11th - Families whose income is 176%-150% SIS.

12th – Families whose income is 149%-125% SIS.

13th – Families whose income is 124%-100% SIS.

14th – Families with children with special needs.

Case Openings

Described below is how our district will select cases to be opened in the event that there are insufficient funds available.

If there are insufficient funds to open all eligible families the cases will be opened in the following order:

1st – Families with children with special needs.

2nd – Families with income 100%-125% of the State Income Standard (SIS).

3rd – Families with income 126%-150% of SIS.

4th – Families with income 151%-175% OF SIS..

5th – Families with income 175%-200% of SIS.

Fraud and Abuse Control Activities

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

Wyoming County will use the following indicators from our approved FEDS plan:

- **Working off the books.**
- **Application is inconsistent with prior case information.**
- **Prior history of denial, case closing, or overpayment resulting from an investigation.**
- **No absent parent information or information is inconsistent with application.**
- **No documentation to verify identity or documentation of identity is questionable.**
- **Landlord does not verify HH composition or provides information inconsistent with the application.**
- **Self-employed but without adequate business records to support financial assertions.**
- **Documents or information provided are inconsistent with application, such as different name used for signature or invalid SSN.**
- **P.O. Box is used as a mailing address without a reasonable explanation, e.g. high crime area.**

- **Children under the age of six with no birth certificates available.**
- **Unsure of own address.**
- **A daycare provider living in the same residence as the daycare recipient.**

We utilize our local fraud referral flow chart. When an indicator is identified the process is as follows: Interview with the client, complete appropriate referral, supervisor initial review, referral forwarded to community service worker, referral date entered, referral forwarded to investigator, completed investigation forwarded for Commissioner approval, referral back to community service worker for data entry, forwarded to principle program specialist for review and assignment to worker, worker takes appropriate action and sends copy of original referral, with action taken, to the investigator.

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activity.

Verification is accomplished at initial and recertification screenings. Recertification screenings are done every 6 months and 100% of the cases are reviewed. These reviews verify the continued need for child care by requiring the recipient to complete the recertification application and submit documentation (i.e. pay stubs, school schedules, etc). They are also required to submit a supplemental sheet on who their current employer is and the number of hours they are working.

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

This district will implement a system to determine universe size and then draw an appropriate sample size of subsidized childcare services. This sample number of cases will be reviewed monthly to compare the caregiver's attendance forms with any child and adult food program. Wyoming County has 72 child care providers (family day care, group family day care and legally exempt). Our district will need to annually look at approximately 60 participating providers (a minimum of 5 reviews per month). Our district will then determine the last time CACFP did a home visit for the provider and find out what children were seen during the visit.

The sample number is drawn from a total list of caregivers. When a caregiver is selected that does not participate in child and adult care food programs, that caregiver's attendance forms are not reviewed and another caregiver must be selected until a caregiver that does participate in child and adult care food programs is selected. The district will need to follow up when there is a discrepancy.

APPENDIX G-4

IV. District Options (Required Section)

Districts have certain flexibility to administer the child care subsidy program to meet local needs. Check which options that your district wishes to include in your ICP/CSP. Complete attachments for any area(s) checked.

1. Our district has identified local priorities in addition to the federal priorities (complete Appendix G-5).
2. Our district has chosen to establish funding set-asides for NYSCCBG (complete Appendix G-6).
3. Our district is using Title XX funds for the provision of child care services for low-income eligible families (complete Appendix G-7).
4. Our district has chosen to establish additional local standards for child care providers (complete Appendix G-8).
5. Our district has chosen to make payments to child care providers for absences (complete Appendix G-9).
6. Our district has chosen to make payments to child care providers for program closures (complete Appendix G-10).*
7. Our district has chosen to pay for transportation to and from a child care provider (complete Appendix G-11).
8. Our district has chosen to pay up to a 15% higher than the applicable market rates for regulated child care services that have been accredited by a nationally recognized child care organization (complete Appendix G-11).
9. Our district has chosen to pay up to 15% higher than the applicable market rates for non-traditional hours (complete Appendix G-11).
10. Our district has chosen to pay for child care services while a caretaker who works the second or third shift sleeps (complete Appendix G-11).
11. Our district has chosen to make payments to child care providers who provide child care services, which exceed 24 consecutive hours (complete Appendix G-12).*

APPENDIX G-4 (continued)

12. Our district has chosen to include 18, 19 or 20 year olds in the Child Care Services Unit (complete Appendix G-12).*
13. Our district is seeking a waiver from one or more regulatory provisions. Such waivers are limited to those regulatory standards that are not specifically included in law (complete Appendix G-12).*
14. Our district has chosen to pay for breaks in activity for low-income families (non public assistance families, complete Appendix G-12).
15. Our district has chosen to use local equivalent forms such as, but not limited to, child care application, client notification and/or legally exempt enrollment forms (attach copies of the local equivalent forms your district uses).

Any previous approvals for local equivalent forms will not be carried forward into this ICP/CSP. Therefore, any local equivalent forms a district wishes to establish or renew must be included in this plan and will be subject to review and approval by OCFS.

APPENDIX G-11

TRANSPORTATION, DIFFERENTIAL PAYMENT RATES, SLEEP

Transportation

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

N/A

Differential Payment Rates

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to zero percent above market rate.

Care during non-traditional hours may be paid up to 15% percent above market rate.

Limitations to the above differentials are as follows: N/A

Payments may not exceed 15 percent above market rate. However, if your district wishes to establish a payment rate that is in excess of 15 percent above the applicable market rate you must describe below why the 15 percent maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

Sleep

The following describes the standards that will be used in evaluating whether or not to pay for child care services while a parent or caretaker that works a second or third shift sleeps and any limitations pertaining to payment:

N/A

Indicate the number of hours allowed by your district (maximum number of hours allowed is eight). N/A

APPENDIX G-12
CHILD CARE EXCEEDING 24 HOURS, CHILD CARE SERVICES UNIT,
WAIVERS, BREAKS IN ACTIVITIES

Child Care Exceeding 24 Hours*

Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other cases where the caretaker's approved activity necessitates care for 24 hours on a limited basis.

Describe any limitations for payment of child care services that exceed 24 consecutive hours.

Child Care Services Unit*

The Child Care Service Unit is the basis upon which a district will determine which household and/or family should be counted in determining family size and countable family income.

Our district will include the following in the Child Care Services Unit (check which ones apply).

18 year old 19 year old 20 year old

Our district will include only the following in the Child Care Services Unit when it will benefit the family (check which ones apply).

18 year old 19 year old 20 year old

Describe the criteria your district will use to determine whether or not an 18, 19 or 20 year old is included in the Child Care Services Unit.

Waivers*

Districts have the authority to request a waiver of any regulatory provision that is non-statutory. Describe and justify why your district is requesting a waiver.

Breaks in Activities

Districts may pay for child care services for low income families during breaks in activities for a period not to exceed two weeks or for a period not to exceed one month where child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period (check one).

two weeks four weeks

Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low income families are eligible for child care services during a break in activities (check any that are eligible):

entering an activity waiting to begin employment break between activities
